Once the child movie idol of millions, Shirley Temple has been called "America's Sweetest Smiler." Mother of 15-month-old Linda Susan, Shirley received the award from Children's Advisory Service. The film star is married to John Agar.

SHIRLEY TEMPLE  
... a new home.

President Truman still mourns the passing of Franklin D. Roosevelt, four years after the latter's death. Harry Truman revisited his old haunts in the senate chamber and observed, "I succeeded one of the greatest presidents this country ever had. There is no celebration in this day."

## Politics

Justice Minister Gerson is more optimistic than his boss, Prime Minister St. Laurent. The latter says the Liberals will have the "major group" in parliament after the next election. Gerson says the Liberals will be returned to power with an increased majority.

Economic collaboration is certain to be carried out, signs the 12 member nations signing the North Atlantic Pact, Prime Minister St. Laurent declares. The Pact was never intended to be merely a defensive alliance, the Canadian Prime Minister said.

## The Services

Two western Canada RCMP officers have the distinction of being the first to fly the deadly new 786 jet. Higher places soon will be manufactured in Canada. They are Wing Cmdr. B. W. McNair, North Battleford, and Capt. L. C. Stewart of Calgary. They are now at Inglewood, Calif., becoming familiar with the fighter.

Gen. "Tex" Eisenhower finds Florida good for an ailing stomach. He is now at Key West, where he will recuperate. Physicians report his condition greatly improved. Eisenhower is now acting chairman of the joint chiefs of staff.

## The Nation

Three relatives of a Toronto charwoman will share in the \$22,000 estate left by Mrs. Mary Ellen Chapman, who made her money operating a carnival early in life. A civil court has ruled the estate will be shared equally in earnings and capital.

A 20-year-old confidence on world pulp conditions will be held in Montreal April 20 to May 4. Pulp resources and requirements for the world will be studied and a plan drawn up to relate forest potential to production.

Crops in Western Canada will not have the usual advantage of ample moisture from spring run-offs this year. Dominant water and power officials state. Shortage in run-offs is due to the comparative drought in Alberta and Saskatchewan during the winter. Conditions in the Bow River valley are an exception to the general situation.

IKE EISENHOWER  
... a stomach ache.

Mexico is now thinking of atomic energy and will start uranium mining operations soon. Records Monges Lopez, director of the institute of Geology, said the mining will be used for energy only and not making of bombs.

Russia could throw about 100 divisions against the Western Allies if war started tomorrow. The West Democrats could meet this with only from 15 to 20 divisions on, too adequately equipped. France, with 80,000 Communists and Italy with even more, would further complicate the defense of Western Europe against Russia. This situation was pictured as a plan for re-arming Western Nations proceeded.

Thousands of acres of southern Manitoba today asked the Red Cross to supply them with boats, the first such requests received this spring.

One of the requests came from St. Francis Xavier, 15 miles west of Jara, where a flood was flooded and three farm houses surrounded by rising waters. The second request was from the town of Bertha.

Blockade Goes On  
FRANKFURT, Germany, April 12.—(AP)—Gen. Lucius D. Clay said today there is no indication that the Russians plan to lift their blockade of Berlin.

## Edson Children Receive Reward For Sermon

EDSON, Alta., April 12.—(CP)—A prime minister came to Edson yesterday and joined 250 school children in rejoicing at the magic of his 10-minute visit.

The children were thick around the station of this small western Alberta town at noon when Prime Minister St. Laurent stepped from the train that is taking him to Vancouver.

TWO PLEAD GUILTY  
The two pickets, also arrested last night and remanded for hearing April 20, were Angus Kingsley, 24, of Halifax, and Michael Hynde, 21, of Avon, Que.

Kingsley pleaded guilty to a charge of doing \$20 damage to an RCMP squad car. Hynde pleaded guilty to carrying a wooden club as an unlawful offensive weapon.

Police reported nothing was found at the SU hall.

Maximum penalty for the offence with which Meade and Gentry are charged is five years in prison.

Their arrest came after some 100 police converged on the waterfront in Saint John's harbor, where the Western Union International Union was about to board the strike-bound freighter Sunnyside.

It later turned out that the SU men appeared on the waterfront only to distribute pamphlets "in connection with the strike. Rocks and sticks were thrown by CSU pickets at the half-dozens SU men.

OUT INTO STREAM  
Early today, the Sunnyside, apparently manned by her officers, freed herself from her berth and made her way out into the stream under her own power. No violence accompanied the move.

Tuesday night CSU pickets watched a rival union crew anchor the freighter Riverside in mid-harbour after a day of waterfront violence at Vancouver.

A 21-man SUU replacement crew climbed aboard the freighter from launches while 60 policemen held off 200 rushing CSU pickets. Police night sticks bloodied the heads and hands of several of the striking pickets. Two policemen were knocked from their feet in the

scuffle. Two seamen required hospital treatment.

At Montreal, expected violence failed to break out when 20 CSU crew members of the freighter Monty Alta were ordered to end their five-day sit-in strike by a court injunction. The seamen left the ship quietly when three court officials, armed with the injunction obtained by the Montreal Shipping Company, owners of the vessel, served it on the men.

Earlier Tuesday, T. G. Molanau, secretary of the CSU, said at Toronto that his union is prepared to settle the deepest strike on the basis of a formula drafted by the federal labor department. He did not disclose details of the formula.

At Georgetown, British Guiana, 28 CSU union members were enjoying their freedom after being released on collective bail of \$5,000 following charges of wilful disobedience of a lawful command.

As the men were released a rival SUU crew moved aboard the Canadian Beauty ship Bonaventure, held up since the CSU called the strike.

DISPUTE REFERRED  
A without aboard two Canadian ships in Boston harbor, France, the Westminster County and the Sun Valley, has been referred to the department of labor, a Canadian embassy spokesman said.

French dockers refused to finish unloading the ships. The CSU crew remained struck in response to a call for strike action against alleged pay cuts.

At Liverpool, England, 20 of 28 seamen from the Canadian freighter Sealander Hunter, who have been striking since April 1 in connection with the Canadian deep-sea strike, today were sentenced to prison terms for disobeying "the lawful commands" of the ship's captain to return to work. Five of the seamen were sentenced to two months and 13 to one month.

# Alberta Home and School Officers to Serve Again

OLDS, Alta., April 13.—(CP)—Mrs. A. N. Hutchinson of Calgary yesterday was re-elected president of the Alberta Federation of Home and School Associations.

More than 130 delegates attending the second session of the four-day conference, which opened in the entire state of officers for another term. The office of corresponding secretary was changed by Mrs. F. G. Gies of Calgary, succeeding Mrs. E. H. Diney of Cremona, Alta.

Election of regional vice-presidents will take place today. CROWDING PROBLEM  
Miss Catherine Barclay of Calgary told delegates that the greatest burden in secondary education in the province was overcrowded classrooms. She urged that classroom capacity be held to a maximum of 30 students and said she would encourage more teachers to enter the profession.

A. G. McCalla of the Faculty of Education at the University of Alberta said the association could do valuable work by continuing to have teachers and parents cooperate in pressing for better educational facilities.

**Coldwell Cool On Price Report Of Commission**  
OTTAWA, April 12. — (CP) — M. J. Coldwell, CCF leader, yesterday called the report of the Royal Commission on prices "a study in contradictions."  
Mr. Coldwell said in a statement that the report, tabled in parliament Friday, would give Canadians "small cause for cheer."  
He held no proposals that would bring down the cost of living and none that would "free Canadians from the monopoly or near-monopoly control which the commission reported is so many fields of industry."

# U.K. Movie Firms To Get Gov't Aid

## Crown Company Will Lend Money to Bolster Industry

LONDON, April 13. — (BUP) — The government created a National Film Finance Corporation yesterday to pump \$20,000,000 in loans into the financially ailing British movie industry.

The corporation will lend money to distributors and producers alike. The five-man board of the corporation which succeeds an interim organization, will control the purse strings in a program of production in common called a "highly backed undertaking" when it was first proposed by the labor government.

The corporation begins operations at a time when the entire film industry is besieged by an unemployment and disappearing financial returns from foreign markets.

This is the outer office of the new Stylemaster Apparel Shop, managed by Joe Kuchmak. From here he will manage the retail end of the business.

Mr. W. O. Pomsnasky, chief designer who has been in the tailoring business for over 25 years, is shown here styling the new garments.

This is the modern Finishing Room. It has a complete staff of 10 fully experienced operators and finishers. All are versed in latest style modes.

Here we see the finishing touches being applied to the garments. The garments are assembled in a series of steps. Each girl does her part and in turn passes it on to the next operator for further completion.

## New Store Owners Are Experienced Clothsmen

Practical experience is not lacking among the owners of the new Stylemaster Apparel Ltd. which opens in Edmonton on Thursday.

### AT NEW SHOP

#### Comfort Is Keynote For Employes

Comfort of the employes seems to be one of the main considerations in the Stylemaster Apparel Ltd. plant.

The combination of large windows, white walls and electric light which line the ceiling of the plant allow no eye strain for the sewers and followers.

Modern washrooms and showers are being installed for staff convenience and shop rules require cleanliness at all times.

The large basement will house a small, fully-equipped cafeteria for the staff's private use.

The plant and offices are gas heated and conditioned with a forced air system.

Each worker has a special task. The work is outlined and they are chosen for complete skill and long experience.

The shop, although now ready to be put into operation, is not quite completed. The basement has yet to be equipped for use, and smaller signs such as a front counter and extra machines are still on the way.

"But we should get things into shape in the not distant future," said Mr. Kuchmak.

**YOUNGEST ONE**

Joe Kuchmak, youngest member of the partnership, is scheduled to handle the retail section of the business, making his headquarters in the outer office.

Mr. Kuchmak, originally a teacher by profession, turned his hand to tailoring in Edmonton two years ago.

A shop of his own has long been a dream of Mr. Kuchmak.

"I've had this idea for years," he said.

And two years ago the three men, long friends, finally decided to put their capital into a tailoring business.

**OTTAWA Buys Butter Stocks At 58 Cents**

OTTAWA, April 12. — (CP) — Government sources disclosed yesterday that the agriculture department has been buying butter since April 1 at the floor price of 58 cents a pound wholesale as part of its prices support program.

There was no information on the amount purchased to date, but officials said it is being bought and stored daily. It presumably will be released as months of scant production approach next fall.

Official figures disclosed that creamery butter production is on the increase, as compared with a year ago, while stocks are in the midst of a seasonal decline.

**Test Range Approved**

WASHINGTON, April 12. — (AP) — The Senate passed a bill authorizing the Air Force to set up a 3,000-mile testing range for guided missiles at a top cost of \$75,000,000.

## Nfld. to Sit At Session

JANPER, April 12. — (CP) — Newfoundland will be represented in the commonwealth at the next session of parliament, Prime Minister St. Laurent said yesterday.

En route to Vancouver on his western tour he was commenting on a statement by State Secretary Bradley that by-elections must be held in the new province in the next three or four months. "If the province is to be represented at next January's session," Mr. St. Laurent said, the situation is this: If there is another session of the present parliament there will be by-elections to name Newfoundlanders to seven seats before it comes. If there is not another session, the Newfoundlanders will vote in the general election like other Canadians.

But he left little doubt two days ago that there would be another session of this parliament.

## No Cuts Set At Dockyards

OTTAWA, April 12. — (CP) — There is no intention of laying off any workers at either the naval dockyard at Halifax or the one at Esquimaux, B.C., Defence Minister Glaxton said yesterday.

Commenting on inquiries he said he had received about the possibility of layoffs at Halifax, Mr. Glaxton told a press conference that "we expect that work ahead will maintain employment at present levels."

Currently there are about 2,500 men employed at the Halifax dockyard, compared with about 250 before the war. That number, he said, has remained fairly constant since the end of the war. Esquimaux has about 2,500 employees.

## 3 Surveys Set for Alta.

OTTAWA, April 12. — (CP) — Three government survey parties will move into the Alberta foothills this summer to make geological studies of oil and gas fields, the resources department announced yesterday.

The parties will continue geological mapping combined with studies of stratigraphic and structural problems relating to oil and gas in the Alberta foothills.

Two parties, under Dr. E. J. W. Douglas of the Geological Survey, will work in the central foothills area north of Smoky River.

The third party, under Dr. R. J. W. Douglas of the Geological Survey, will be in the Bowhead Creek area of southern Alberta where an important oil and gas field has been discovered.

## City's Newest Shop Opening Thursday

### South Side Gets Another With Tailoring Business

A new clothing manufacturing firm will open its modern glass doors to business in Edmonton on Thursday.

Stylemaster Apparel Ltd. is a new and new brick building at 11514 65 avenue combines efficiency and quality in the building layout and working schedule.

Owners W. O. Pomanasky, John Pacula and Joe Kuchmak hold high hopes for their first business venture.

"We expect things to go fairly well," they said, "as soon as we get started."

The spacious plant, covering an area of 75 by 35 feet, is modernly finished in shining vinyl, with wood set large plate glass windows.

**TWO PARTS**

The building is divided into two parts, the retail office and the factory and wholesale plant.

Lengths of smooth galvalume finish display window and polished oak display racks set off both of the retail office.

Smooth grey linoleum covers the front office floor, inlaid with modern red designs.

In the plant, hardwood floors run uninterrupted from front to back of the building. The plant, white-walled and well-lighted is built but not crowded.

When explaining the operation of the plant, one of the partners said, "A suit is made on a small scale assembly line system."

**IN PIECES**

From the designer and cutter who work at a 60 by six foot table in the basement, the pieces go first to one machine to another through the hands of eight workers in the main plant. Then, where the large steam presses have done their work the garment is finished.

The plant and shop at present employ a staff of 12 which will be increased as more machines are purchased.

The machines are all new, many of them the latest type found in Edmonton.

## Sportswear Is Shop Specialty

Stylemaster Apparel Ltd. will specialize in sportswear for men and women.

Lightweight, well-styled slacks will already fill a large display case in the shop.

Suits for men and women, jackets, separate shirts and slacks will also be manufactured, and overcoats and topcoats in season.

Work is being done according to individual measurement for wholesale or retail customers.

Eventually the owners hope to have equipment for mass production, but until then only special tailoring will be done.

British fabrics are used in Stylemaster fashions and bolts of galvalume, wooled and light trousers are already piled high in the plant.

## BRIDGE

## New Convention Can Find Specific Cards

By William E. McKenney

There was an interesting session in the February issue of the Bridge World entitled "The How-to Convention" by Stewart W. Flowers. He calls it "A Modification of the Blackwood."

It is easy enough to learn the number of aces or kings your partner holds by means of the Blackwood convention, but sometimes it is important to know what specific cards your partner has. Assuming that you know the Blackwood convention, here is Mr. Flowers' modification.

She will make the key of ace, who will keep you in better all your days. She will go through your pockets, counting out seven from other women, four of your clothes to find out if they smell of perfume, and sometimes you will find a card previously not used if there is any hidden meaning in the picture, and five diamonds will show you one card, one card, one card, one card.

In response to the conventional four-card suit, with one ace or king, you can find out if your partner has a king by asking for the king of hearts. If you ask for the king of hearts, you will find out if your partner has a king of hearts.

EARLY AUTUMN WEDDING PLANS are underway for Miss Ruth Phyllis Podulski and Dr. Harold Louis Samuels. Their engagement has been announced by the bride's parents, Mr. and Mrs. Charles Podulski of Edmonton. Dr. Samuels is Mr. and Mrs. Ralph Samuels.

## Soroptimist Spring Tea Slated April 23 at All Saints' Parish

Miss Margaret Fraser is in charge of arrangements for a spring tea, sponsored by the Soroptimist Club of Edmonton, to be held at the All Saints' Parish hall, 103 street, on April 23, at 2 o'clock.

SPRING FLOWERS perfume the home of Mrs. Harry Hutterer, recently when Miss Fraser, hostess, and Mrs. Ruth Smith held a shower for Miss Beatrice Roy, bride-elect.

CHILDREN will hold a social at Joseph's auditorium, Saturday from two until five. All participants are invited to attend, and proceeds will go to the new.

FORMER RESIDENTS of the city, Mr. and Mrs. C. F. Nire, and their young son, Brett, will leave for Calgary Thursday to resume residence in that city.

PACIFIC COAST visitors in the city include Mr. and Mrs. Bernard Harris, of Vancouver. They are guests for a short time at the Mac-

# Toronto Offers Big Fair Prizes

Canadian National Exhibition  
Offers Opportunities for Women

Good news for Toronto-bound citizens this summer comes with exhibition director Kate Atkin's message: "Trim up your Easter bonnet with flowers and ribbons on it. It may save you \$10 at the Canadian National Exhibition."

She said that the exhibition is a great place for women to show off their spring fashions. The exhibition is open from 10 a.m. to 6 p.m. daily. Admission is 25 cents. Women's prizes are awarded in the following classes: Dress, Suit, Hat, and Accessories. The prizes are awarded by a jury of women. # IL B.A. Imposes Redwater Cut

By Don Flach

Voluntary cut-back of production from British American-Hudson's Bay Oil and Gas wells in the Redwater field went into effect this morning. Production limit is 375 barrels per day and applies No. 15-30 and No. 15-30 which respectively produced 2,530 barrels and 1,560 barrels in recent 30-day test runs.

It is presumed that the cut-back will apply to other Redwater producers supplying oil to British American under contract, namely: Pacific Supply-Prince and Anglo-Indo. Less than a week ago Imperial reduced Redwater quota for its suppliers to 300 barrels a day.

**TWO-THIRDS NORMAL**  
Atlantic-Leduc No. 1 and No. 2 have been permitted to resume operation after being shut-in for nearly 15 months, according to an announcement of the Petroleum and Natural Gas Conservation Board.

The wells will operate at two-thirds the normal D2 rate which for the period until May 31 has been set at a daily average of 100 barrels per day and a maximum for any one day of 125 barrels. They started operation again April 1 after being shut-in since their water well, Atlantic No. 3 was drilled in March, 1938.

Continental 21A which has given good indications of being a producer on a southwestern extension of the field is today standing idle in the D2.

After performing Imperial has been shut-in since their water well, Atlantic No. 3 was drilled in March, 1938.

**IX MORE PRODUCERS**  
Imperial has added six more

# Corn Futures Sink Lower

CHICAGO, April 12.—(AP)—Corn futures sank on the Board of Trade today under the weight of heavy offerings of cash grain for country elevators. Dealers reported they bought close to 400,000 bushels of cash corn on an inactive basis. Most of the market also slumped a bit, but May wheat provided an outstanding exception. Short-covering was a major factor in the relative strength of this contract. Firms of wheat in the Minneapolis market, indicating mild buying, also helped May here.

Wheat closed 3 1/2 lower to 1/2 higher. Corn was 1/2 cent lower. Soybeans were unchanged to 1/4 lower, and last was 8 cents lower to 3 cents a hundred pounds higher.

**CLOSING QUOTES**  
Wheat: May, 1.05 1/4; July, 1.03 1/4; Sept., 1.03 1/4; Dec., 1.03 1/4.  
Corn: May, 1.25 1/4; July, 1.25 1/4; Sept., 1.25 1/4; Dec., 1.25 1/4.  
Soybeans: May, 1.20 1/4; July, 1.20 1/4; Sept., 1.20 1/4; Dec., 1.20 1/4.  
Cash wheat: Sample grade, hard, 1.00.  
Barley: No. 2 yellow, 1.40.  
Oats: No. 1 heavy mixed, 75 1/2.

# Labor Budget Passes 302-3 In Commons

LONDON, April 12.—(AP)—The House of Commons overwhelmingly approved yesterday the "hard labor" budget for 1949-50 proposed by Sir Stafford Cripps, Chancellor of the Exchequer.

The vote, 302 to 13, followed a long debate on the proposed expenditure by Sir Stafford Cripps.

**HIGHER FOOD PRICES**

The budget means higher food prices and steeper tax relief for Britain's 50,000,000 inhabitants. It calls for higher prices for rationed meat, cheese, butter and oleomargarine.

Sir Stafford defended his budget by declaring:

"There was really little else that the responsible Chancellor of the Exchequer could have done without betraying the trust of the people."

A vote on the budget was demanded by Communist members of the Commons—W. G. Gallacher and Philip Pirbright. Members of the Conservative party did not take part, since by custom the opposition reserves the right to the government party to bring in the budget.

**NEGATIVE VOTES**

The three negative votes were cast by Independents. Gallacher and Pirbright did not vote, as they are against the government. A handful of Labor members abstained.

Sir Stafford said during the debate that the problem of trade between Britain and Canada could be solved by two-sided effort. Britain already was buying three times as much from Canada as Canada was buying from Britain.

"That cannot persist," he said.

## BARREL DERBY

## Skill Needed But a Bet Still Illegal

OTTAWA, April 12.—(CP)—The Supreme Court of Canada has ruled that it takes some skill to judge how long it is going to take a barrel to float down a river but to bet on it still is a lottery.

The court's ruling was handed down yesterday when it partly allowed an appeal by J. H. Hoag, a Winnipeg, Man., who was convicted in Manitoba Court of Appeals on a lottery charge for conducting the barrel derby.

Hoag was one of the promoters of a lottery based on the time it takes a 40-lb barrel, from the 100 yards ballast, to float down the river from Emerson, Man., to the Norwood bridge at Winnipeg.

Five of the judges decided it takes some skill to pick the time on their damasked. Hoag's appeal is the other charge that the winners get more money than was paid for their tickets.

## Heavy Taxes To Continue

TORONTO, April 12.—(CP)—Taxation in Canada is heavy and will probably continue that way for some time, revenue minister McCann predicted today.

It is an address prepared for delivery before the Canadian Improvement and Trades' Association. Dr. McCann said high taxation was tied to high living standards and a heavy demand for protection and community services.

He described the outlook for Canada in the world of trade as "encouraging" although beset with difficulties, and declared that the government is opposed to barrier trade, discrimination in international trade, and trade with individual countries.

Discussing the reasons for high taxes in Canada, Dr. McCann said that in few countries do the people demand "freely as much" in services which must be paid for by the government with the people's money.

## Trade Fair Opening Set

OTTAWA, April 12.—(CP)—Trade Minister Howe announced yesterday Charles Sawyer, United States secretary of commerce, will open the 1949 International Trade Fair May 30 in Toronto.

The minister said he welcomed Mr. Sawyer's acceptance of the invitation as an expression of a growing interest in the trade fair in both government and business circles in the U.S.

It is a significant recognition of the community of interest of our two countries in all matters that have for their purpose the strengthening of our trade relations with each other and the expansion of international trade at large, Mr. Howe added.

## Coast CCF Has Plan For Term In Office

VANCOUVER, April 12.—(CP)—A draft of party policy for "The first term of office" will be presented to the provincial CCF convention when it meets here Friday and Saturday.

A committee under the chairmanship of Harold Winch, CCF provincial leader, has been mapping out the program for nearly a year.

Winch is in 40 different camps in B.C., handling \$40,000, receive their supplies of foodstuffs from the central food ministry.
